## Stars in the Twilight of a Summer Garden . . .

In just a few years you will get thousands of blooms from the "Stars in the Twilight" collection. Never before in an offer so low-priced have we been able to present such a wide range of color, type, and blooming season.

Large, small, recurved, crinkled flowers of red, yellow, orange, eyed, bicolor, banded, zoned; in spring, summer and fall!

In your shrub or perennial border, foundation planting or as a screen for that unsightly view, you can plant them and forget them! Heat, drought, poor soil, neglect—none of these affect these lovely flowers. Disease-resistant, too. Send your order today and have "stars" in your garden!

**FARR NURSERY CO., Weiser Park, Pa.**
